

# HOW TO RESCAN YOUR TV

## FOLLOW THESE QUICK AND EASY STEPS TO RESCAN YOUR TV.

1. PRESS THE MENU BUTTON ON YOUR TELEVISION OR CONVERTER BOX REMOTE.
2. GO TO SETUP OR SETTINGS.
3. GO TO INSTALLATION OR SYSTEM OR CHANNELS.
4. GO TO AUTOPROGRAM, AUTOSCAN, AUTOTUNING, PROGRAM CHANNELS, OR SCAN CHANNELS.
5. PRESS ENTER, OK, OR SELECT TO START THE SCAN.
6. SOME TELEVISIONS MAY WARN YOU THAT STARTING A SCAN WILL REPROGRAM YOUR CHANNELS. THAT'S OK! REPROGRAMMING YOUR TUNER IS EXACTLY WHAT YOU WANT TO DO TO ACCESS THE UPGRADES AND NEW CHANNELS.
7. ONCE THE SCAN STARTS, IT CAN TAKE JUST A FEW MINUTES OR 15 – 30 MINUTES TO COMPLETE. DON'T STOP THE PROCESS ONCE IT STARTS.
8. AT THIS POINT, YOUR SCAN SHOULD BE DONE. MANY TELEVISIONS QUIT THE PROCESS ON THEIR OWN, WHILE WITH OTHERS, YOU MAY NEED TO SELECT OK OR EXIT ON YOUR REMOTE.

### PLEASE NOTE:

SOME MANUFACTURERS HAVE YOU USE THE LEFT OR RIGHT ARROW TO ACCESS MENU FUNCTIONS.

SOMETIMES THEY THROW YOU A CURVE BALL AND MAKE THE CHANNEL UP/DOWN AND VOLUME UP/DOWN DOUBLE AS MENU NAVIGATION.

IT CAN BE A BIT TRICKY, BUT IF YOU'RE FAMILIAR WITH YOUR TELEVISION REMOTE, YOU ALREADY KNOW THIS STUFF.
